# What our customers say

“ We knew we had a difficult job ahead of us, particularly with the school’s budget and timescale. The design ideas and layouts Claughtons came up with made sure the school could make decisions quickly, allowing the project to be completed within the tight parameters which had been set down.”

David Fitzgibbons AEDAS Architects  
John Fisher Catholic High School

“ From start to finish, I was delighted with the outstanding level of customer service. The team always knew what they were doing, and they were punctual and efficient. They really made the refurbishment as stress-free as possible for us. The products were not only visually pleasing, but hardwearing and of an extremely high quality.”

Julie Robinson Manager  
Hessle Road Network

“ From the outset, Claughtons understood what was needed. It was easy to form an effective and friendly relationship as staff were knowledgeable in their field, understood the brief and were always efficient and prompt with the delivery of the products. Genuinely, we couldn’t have asked for more.”

David Beaumont  
DAB Contract Services Ltd

“ Claughtons was just the sort of company we were looking for – a real pleasure to work with. The team listened and delivered on its promises. We were impressed with the quality of products, and the company’s work on the project has helped to ensure that, through the BSF programme, Hull has some of the best education facilities in the country.
